### Community Clean Up

The annual Community Clean-Up is May 6 - 10, 2024. Please do not place items out for pick up until May 1st.

Public Works crews will pick up correctly placed yard waste from alleys, streets and avenues. Please ensure the piles are:

- At least one foot away from fence structures so the machines won't cause damage;
- Tree trimmings must be less than ten feet in length but less than six feet is preferred. Wood larger than six inches in diameter will not be accepted because it is too big for the chipper;
- All road gravel must be separated from leaves and grass clippings so the organic material may be composted;
- Piles should be no larger than a washing machine (one cubic meter);
- Material must be placed on municipal property only (boulevard alley) and be ready by 7am on the first day of Community Clean Up.

The Village reserves the right to refuse any materials that do not meet the guidelines set above.
